

Classic 2CV Racing Club
Technical Committee Meeting
22nd September
The Otter, London Road, Kegworth Derby DE74 2EY
Minutes

RH / PS / GO / MF / LD / PR / SW / CW / LT

Apologies: MN

- 1) Technical Committee discussed 2016 season Technical Proposals. See spreadsheet.
- 2) Club eligibility scrutineer – John Wardle is now unable to act as the clubs eligibility scrutineer. Technical Director to report back to the board. The club to try and find a solution liaising with BARC. Paul Hewer and Steven Walker suggested as possible names.
- 3) Spoilers/filler necks – RH contacted ECAS. New batch now made. Price reflects hand finishing by UK manufacturing company. RH to ask board that if club holds stock – it could be cheaper (saves delivery cost). ECAS do not make profit by stocking this item. Filler necks – RH to liaise with Roy Eastwood (ECAS), Tony (fabricator), PS and MH to ensure a new batch of filler necks are made ready for 2016 season.
- 4) AOB – Club cams – Newman cams to be re-approached as to the feasibility of acting as a secondary supplier to Kent Cams with the aim to improve tolerances of grinding. RH and MF to chase.

Meeting Closed - 10.30pm
