

MSV FAIR USAGE POLICY GARAGE POWER

This applies to ALL Trackdays and Test Days

Please note that MSV operates a Fair Usage Policy for power in garages. Only essential equipment, such as motorcycle tyre warmers, may be plugged in. Small, low consumption devices like mobile phone chargers and kettles are also acceptable.

The following are exempt and will incur a charge:

- Electric vehicles (EVs/PHEVs) - £50 per day / £25 per evening
- Portable heaters - £10 per day per unit
- Trucks and RVs/living units - £25 per day

Payment can be arranged at signing-on, in the Fogarty Moss Centre or ask a member of Oulton Park staff. You will be issued a label to attach as proof.

As part of their daily duties, marshals will be regularly checking for the above items.

Failure to pay or to abide by the Fair Usage Policy could lead to exclusion from the rest of the activity.

Whilst our energy prices have increased significantly in recent times, we do not intend to charge our customers for reasonable usage on activity days. Please help us to maintain this approach by only using power that you really need.
